## Manual Schaltblitzerweiterung KAWASAKI ZX10R 06/07

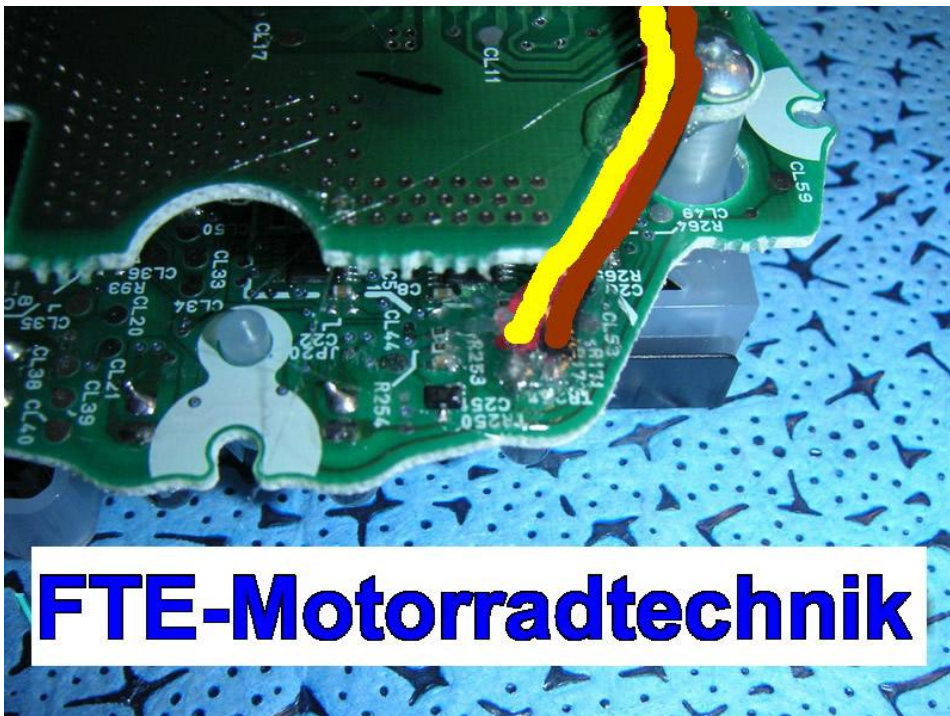

Cockpit dismantle and the screws remove.

To the switching lightning LED the two veins of the cable are soldered on as in the picture to see

## FTE-Motorradtechnik

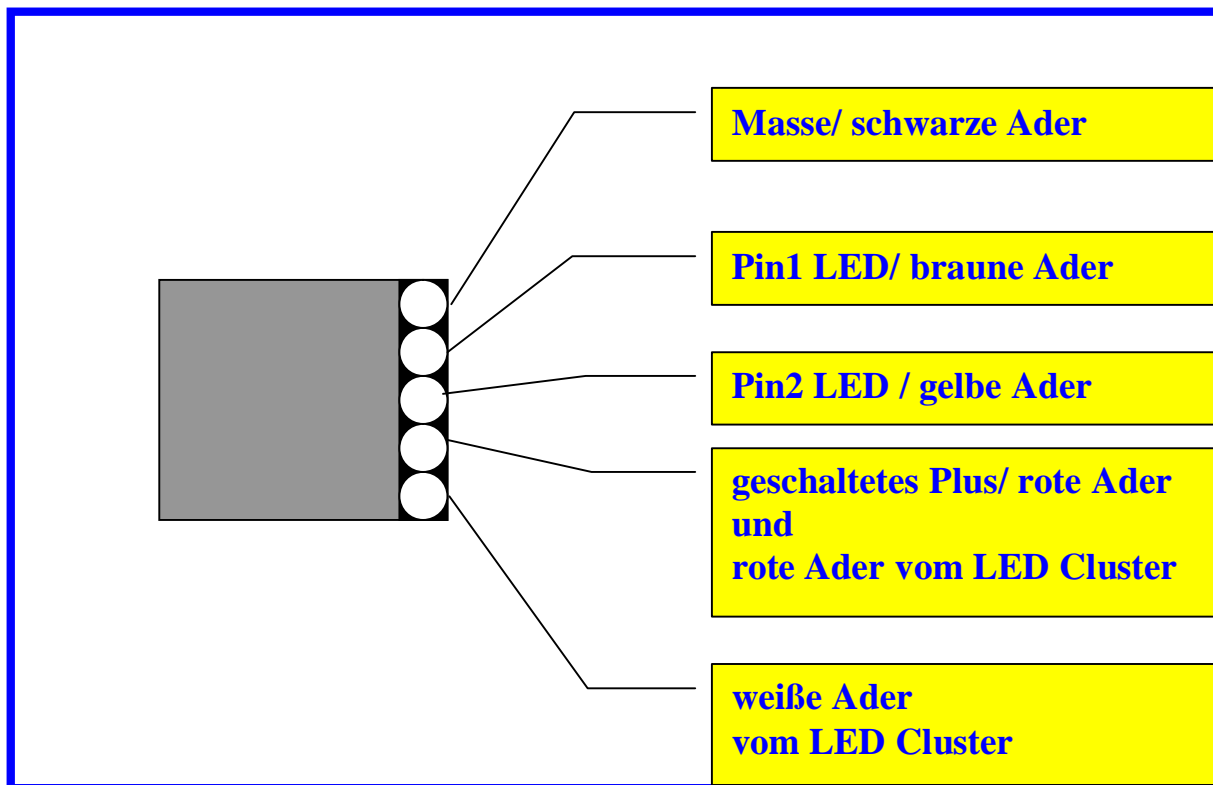

## FTE-Motorradtechnik

Into the back of the housing a 3.5 mm hole bore around the cable outward to lead. The cable with the hot sticking pistol to the plate fasten.

**Switching lightning with switched plus and ground connect.  
Switching lightning co-operates now with original switching  
lightning and also over these is adjusted.**
